Choose with Confidence!

Use our sizing guide to accurately measure your child's feet at home.

This guide ensures we can provide the perfect fit for your child.

For maximum accuracy, the guide must print at the correct size.

How to check?

Ensure that your printer is set to print at 'Actual Size'.

Use a ruler to check between the arrows adjacent to the guide: **the line must measure 28.5 cm for the sizing to be accurate.**

Helpful Tips

- Cut along the line at the bottom of the page and place the cut edge against a wall.
- Place foot with heel against the wall and measure to the tip of the longest toe.
- Measure both feet and use the largest measurement when ordering your child's shoes.
